THE TUTORING CENTER

One-to-One Instruction

This type of instruction yields far greater results than small-group instruction offered by any of our competitors.

VS.

Group Instruction

Most other facilities use small-group instruction where each Instructor will see 3, 4, or even 5 children at one time!

The Rotational Approach to Learning™ enables students to work in a highly interactive, positive environment working one-to-one with an instructor.

Small-group instruction is often very distracting for students where competition and intimidation are unavoidable factors.
